

WANT TO BE A ROCKIN' VA?

APPLICANT GUIDE

my VA rocks.

MISSION, VISION, AND VALUES

mission

Our mission is to fundamentally change the way people work by radically supporting and up-leveling our Client's while creating hyper-flexible and joyful work for our team.

vision

Our vision is to create a world where "having it all doesn't mean doing it all."

values

We lift as we rise. We leave people better than we found them. We value honesty, diversity, empathy, and enthusiasm.

CULTURE STATEMENT

Our Virtual Assistant (VAs) come from everywhere and are going places. We're delighted you're with us, but we know this is a stop along the way to bigger things. We're happy you're growing with us now and excited to help get you where you're going.

Our Client's hire us because they need our help. They may not be able to articulate what they need and may not know the exact process to implement, so our goal is to identify pain points and proactively solve problems.

Sometimes it's not our fault, but it's still our problem. One of our Client's primary concerns is that delegating and training a VA will be more trouble than it's worth. To provide exceptional value to our Client's, we clear the path, solve the problem, and end the chaos.

Over-communicate with myVA Rocks team members but give executive summaries to Client's. When our Client's are overwhelmed, the help we give them shouldn't be overwhelming, too. Focus on solutions, establish a timeline, and focus on simplicity.

We like each other an awful lot. But we're not a family. You have an actual family (friends and pets and side hustles) that you want to spend way more time with than your co-workers. We put our families first, and we expect you to do the same.
